## PRESIDENT GARFIELD.

Removal to Long Branch. Present Condition.

The removal of President Garfield took place Tuesday. For the week previous, there had been but little if any change for the better. The President himself was anxious to leave Washington. His physicians said if he could survive the necessary fatigue of the journey to Long Branch, after a few days in that bracing atmosphere they would have strong hopes for his recovery. Mrs. Garfield also urged the change at the earliest possible moment advisable. Every means that could be used to facilitate his easy removal was carefully provided, and Tuesday at five o'clock, President Garfield was borne upon his bed from his sick room to the ambulance, and thence to the car fitted up by the Penn. R. R. Co., and at 6:30 A. M., the presidential party left Washington for Long Branch. They reached there at 1:10 P. M., the President standing the journey well. He was conveyed to Franklin cottage fitted up for his reception. His physicians occupy the part of Albion hotel closest to the cottage, and Mrs. Garfield and family an adjoining cottage.

Sept. 7. The President expresses himself as much more comfortable than in Washington. He has rallied rapidly from the effects of the journey, even under the pressing influence of one of the hottest days ever known at Long Branch. His physicians look for a favorable change in a day or two, after a sea breeze sets in.

At the President's suggestion the number of surgeons has been reduced by the withdrawal of Drs. Reyburn, Barnes and Woodward. Drs. Bliss, Agnew, and Hamilton remain in charge of the case, two of them to be in constant attendance.

Sept. 8. There is much uneasiness felt to-day in regard to the President's right lung. He coughs violently and raises a great deal of pus. An abscess, it is feared, is forming in one of his lungs.

## The Fiery Scourge.

Every report coming from the burning districts north of us, brings fresh details of the horrors of the situation. They far exceed those of 1871. Entire communities are left homeless, naked, and in many instances scorched, sick and wounded. The demand for help and sympathy is pressing. The country at large and Michigan in particular, must arouse to relieve the immediate wants of the sufferers.

The latest reports from Sanilac county state that it is believed five hundred lives have been lost in that county alone and five thousand persons made homeless. The older settled townships escaped with but little loss, but a tornado of flames has swept through the newer settlements and a heap of ashes only marks the site of hundreds of happy homes. Sandusky village is saved, Minden lost only an elevator. Crowsell is saved.

In Huron county the villages of Verona, Bad Axe, Huron City and Forest Bay, are in ashes, and hundreds of people through the county are homeless, with nothing saved except what clothes they had on when they escaped the flames.

The township of Paris, population 2000, is almost entirely burned up, with terrible loss of life.

Sand Beach, Port Austin, Grindstone City and White Rock, were safe at latest report.

Port Crescent is safe thus far, but in the country back of it many farmers and settlers have lost their homes, barns, stock and crops, and at least three lives have been lost.

In Tuscola and Ottawa counties the forest fires are doing great damage. On a track of country eight miles long, east of Cass city, but one house was left standing. In the Saginaw Valley the fires have been very destructive to property, but up to last night no loss of life was reported.

Thousands of people are destitute and must be supported. Provisions, bedding, clothing and all other necessities of life are needed.

The people of Owosso are called upon to contribute for the sufferers. We trust there will be a prompt and generous response so that the boxes can be forwarded at once.

A box of clothing is being packed for the northern sufferers by fire. Bring what you have to C. A. Baldwin's store.

The game of base ball between "Our Boys" of Detroit, and "Blue Sox" of this city, was won by the latter by a score of 27 to 24.

The "Blue Sox" do not go to St. Johns to-day nor to Flint, next Tuesday, on account of their regular pitcher leaving for a vacation.

Mr. Alfred Rindge, of the Mendon Times, is spending his vacation in Owosso. He made the Times office a pleasant call this morning.

Mrs. Cordelia Waldron and son, George, left Owosso for Oberlin to-day.

Miss Clara Osborn started for Oberlin, Ohio, this morning.

A Timely Warning, or the Experience of a Minister.

If you suffer from general debility, brought on by too close application to business and excessive brain work; or from increasing prostration and sinking spells, that even a rest or removal of the cause will not relieve, make haste to do as did a reverend friend of ours. He secured from his druggist a bottle of Brown's Iron Bitters, having heard of its merit from a physician, who told him not to take any other Bitters or Tonic, for with the exception of Brown's Iron Bitters, they all contained alcohol, and had failed to give his patients lasting relief; nor should he take any other preparation of Iron, for with the exception of Brown's Iron Bitters, they all blackened the teeth, and often gave headache, while Brown's Iron Bitters never did, but in fact cured headache. The effect was most satisfactory; he immediately realized wonderful results. His old energy returned, his natural force came back, and he felt himself altogether a new man, full of health, strength and vigor, and he has continued to remain so ever since. Now he recommends Brown's Iron Bitters to all his friends which we unhesitatingly do to all our readers. —Globe.

Mrs. Mary Martin, of Harrisburg, Pa., says: "I suffered severely from a complication of female diseases; that sense of bearing-down seemed as if it would kill me; my habits were very irregular; nothing seemed to benefit me until I tried Brown's Iron Bitters. They acted like a charm, and now I enjoy perfect health."

## A Sad Death.

Is it not sad to see your friends and neighbors die with Kidney Complaint or any disease of the Urinary Organs, when if they had taken Hill's Compound Extract of Buchu and Cubebs, it would have cured them of their disease and restored them to health again.

MALARIA DISEASES.—In our malarial climate there is always a tendency to Biliousness, Fevers and Malarial Blood Poisoning. To prevent any of these the best known remedy is Rhinehart's Liver Pills.

When the head feels dull and heavy, the skin appears sallow and greasy, and the stomach feels full, take Carter's Little Liver Pills.

REMARKABLE!—Only one of Rhinehart's Worm Lozenges expelled a Tape Worm from a child in Ridgeville, Indiana.

It is but reasonable to admit the evidence of our senses when we hear of the extraordinary cures effected by Johnston's Sarsaparilla. This medicine is daily recorded, proves conclusively that for diseases of the blood, it stands pre-eminent to any preparation known.

IMPORTANT TO TRAVELERS!—Special inducements are offered you by the Burlington Route. It will pay you to read their advertisement to be found elsewhere in this issue.

## What You Can't Do.

You can't do a nice job of work, preach a good sermon, try a law-suit well, doctor a patient, or write a good article with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little of PARMELEE'S DYSPEPSIA COGNAC. It is a great regulating tonic. Relief guaranteed or money refunded. Sample bottles 15 cents, large size \$1. Sold by J. H. DeHart & Co., Vernon, Mich.

The Truth, the Whole Truth, and Nothing but the Truth.—If you are suffering from poor health or languishing on a bed of sickness, take cheer, for Hamilton's German Bitters will cure you. If you feel weak and dispirited, without clearly knowing why, GERMANY'S BITTERS will revive you. If you feel your system needs cleansing, toning or strengthening, German Bitters is what you need. If you are old, and your pulse is feeble, your nerves unsteady and your faculties weakened, Hamilton's German Bitters will give you new life and vigor. Price 50c per bottle. Sold by J. H. DeHart & Co., Vernon, Mich.

Physicians Endorse Them.

MUSKOGEE, MICH., July 13, 1877.

Rhinehart Medicine Co.—Gentlemen: Will you send me a gross of your Liver Pills? I would like them at once as my supply is exhausted, and some of our physicians to whom I recommend them for trial are writing prescriptions for them in their practice. One of them speaking of them, the other day, said, "They are so mild, yet so efficient." I am entirely out of them, and would like them as soon as possible.

Yours, &c., A. G. JEPSON.

THE

MERCHANT TAILOR,

OWOSSO, MICH.

JUST RECEIVED A CAR LOAD OF SUPERIOR DRILLS.

We again cordially greet the public and herewith make our acknowledgments to our many friends and patrons, all of whom, we are sure, will be glad to hear that the SUPERIOR still maintains its proud but well-earned position in the forefront of grain drills. The year past was more fruitful than any preceding one with triumphs for our machine, and that is saying a good deal, for, since the first year of its introduction, its record has been such as to afford us unbounded gratification.

Among the farmers of Shiawassee county the name "SUPERIOR" is fast becoming a household word. In casting a glance backward over it, we have only one thing to regret, namely: that we were wholly unable last season to fill all the orders with which our friends so generously favored us. This is not by any means our first offense, yet we can, by way of extension, assure all interested that we did our utmost to supply the demand for our machines and failed only after every resource and facility for production was exhausted. More we could not do. But we are getting an earlier and better start for the approaching season and think we will be in much better shape to respond to our promises, so far as supplying the demands is concerned, than heretofore.
